

Cosentino Design Challenge #12

Concours International de Design

Concours International d'Architecture

INTRODUCTION

Ce document définit les termes et conditions pour les deux catégories du 12ème concours Cosentino Design Challenge 2017/2018:

Concours International de Design

Concours International d'Architecture

OBJECTIF

L'objectif du **Cosentino Design Challenge** est d'encourager la recherche auprès des étudiants sur différentes approches conceptuelles impliquant la mise en page des espaces, des matériaux et des systèmes constructifs qui les définissent, par l'expérimentation de produits Cosentino.

Cette recherche et cette focalisation, ainsi que les thèmes proposés dans chaque compétition, ont pour principe: le respect de l'environnement, la réutilisation et la gestion des déchets, ainsi que la possibilité de reconverter l'excès de matière en matières premières de haute qualité.

Cosentino estime qu'il est important de favoriser ces réflexions pendant la phase de formation des futurs professionnels.

PARTICIPANTS

Les deux catégories du 12ème concours **Cosentino Design Challenge** sont ouvertes aux étudiants inscrits à l'année académique 2017-2018 dans n'importe quel centre éducatif ou polytechnique offrant des cours de design, d'architecture, d'architecture d'intérieur ou d'autres domaines d'études similaires.

CDC #12 OBJECTIF DESIGN

Pour le 12ème concours **Cosentino Design Challenge**, les étudiants devront se concentrer sur:

"Cosentino & la Lumière"

Les étudiants peuvent choisir librement la forme et la surface de la zone d'action.

L'accent doit être mis sur:

- La possible relation entre Cosentino et l'utilisation de la technologie de la lumière qui pourrait être mise en ligne avec l'entreprise
- Usage d'un dessin basé sur l'utilisation de la lumière comme élément clé
- Expérience spatiale, en cas de lien avec la création d'espaces
- Utilisation appropriée de la lumière, en ce qui concerne le concept, l'expérience spatiale ou l'application, et les qualités et la qualité des matériaux

Concurso Internacional para Estudiantes de Arquitectura y Diseño
International Competition for Architecture and Design Students

Le design doit inclure:

- Une proposition de design, totalement ouverte à la rubrique "Cosentino & La Lumière" pour chaque étudiant
- La construction de l'élément et / ou de l'espace créé doit être effectuée en utilisant des sections transversales, de dessins détaillés et des instructions pour l'assemblage
- Il faut tenir compte de la fabrication des pièces et qu'elles ne puissent être fabriquées que avec des panneaux plats et des morceaux découpés directement à partir d'une dalle

Le design doit expliquer:

La solution de l'espace et / ou de l'objet et son interaction avec l'application des matériaux et les facettes principales doivent être définis correctement.

Les aspects suivants seront considérés comme présentant un intérêt particulier:

- La **Recherche** sur l'expérience spatiale du concept.
- The **Use** of materials and the main principles that respect the environment.
- **Creativity** in the design.
- The adaptation of the project idea to the expressive capacity of Cosentino brand **materials** and products, and any new designs for materials, finishes, applications, etc. that may be produced.

CDC 12 ARCHITECTURE OBJECTIVE

For the 12th Cosentino Design Challenge, International Architecture Competition, **the topic is:**

"Cosentino & Performing Arts"

The design must include:

- An architecture proposal, totally open to the set topic "**Cosentino and Performing Arts**" for each student.
- The construction of the space and/or element created must be done using cross-sections, detailed drawings and instructions for assembly.
- Other non-Cosentino materials (e.g. wood, glass, etc.) may be used to a certain extent.
- Consideration must be given to the feasible production of the design and that it can only be made using flat panels and pieces cut directly from a slab.

The design must explain:

The solution of the space and/or object proposed by the student and its interaction to the application of the materials and the main facets must be defined.

The following aspects will be considered to be of special interest:

- The **Research** on the spatial experience.
- The **Use** of materials and the main principles that respect the environment.

- **Creativity** in the design.
- The adaptation of the project idea to the expressive capacity of Cosentino brand **materials** and products, and any new designs for materials, finishes, applications, etc. that may be produced.

CDC 12 DESIGN DOCUMENTATION

Panels must include, laid out as considered opportune:

- The slogan or title of the proposal.
- The spatial design submitted to the competition by the candidate. This can include as many plans, drawings, renderings, photographs, etc. as candidates consider necessary to explain it.
- The design of the singular feature, with the detail drawings required for its definition.
- The constructive solution to carry out the project proposal. This must include construction plans, assembly details or processes and any necessary technical specifications. Products from Cosentino's official list of products to be used for the proposed design must be specified. Where a novel, invented or specific material is put forward, this must be explicitly stated.
- The proposal WILL NOT INCLUDE any personal information, as well as no information regarding the student's school.

CDC 12 ARCHITECTURE DOCUMENTATION

Panels must include, laid out as considered opportune:

- The slogan or title of the proposal.
- The spatial design submitted to the competition by the candidate. This can include as many plans, drawings, renderings, photographs, etc. as candidates consider necessary to explain it.
- The design of the singular feature, with the detail drawings required for its definition.
- The constructive solution to carry out the project proposal. This must include construction plans, assembly details or processes and any necessary technical specifications. Products from Cosentino's official list of products to be used for the proposed design must be specified. Where a novel, invented or specific material is put forward, this must be explicitly stated.
- The proposal WILL NOT INCLUDE any personal information, as well as no information regarding the student's school.

FORMAT FOR SUBMITTING DOCUMENTATION AND IDENTIFICATION

- Projects must be submitted only electronically via the online submission form on the competition web page:

www.cosentinodesignchallenge.org

International Competition for Architecture and Design Students

- The size of the panel must always be DIN A1. File at 300ppp and .jpg.
- The format can be vertical or horizontal as the student prefers.
- In the online submission form, student must also attach the proof of payment of fees for the academic year.
- Participation in the COSENTINO DESIGN CHALLENGE implies the student submitting the proposal grants that the design is original and he/she is the author and he/she has not submitted the same design to another contest before.
- Participation in the COSENTINO DESIGN CHALLENGE implies the student submitting the proposal grants that they have the Proof of payment of fees for the 2017-2018 academic year. The organization could ask for this proof at any time during the competition. *The proof of payment will no longer be attached to the submission form in the website*

OFFICIAL LANGUAGE

Le langage officiel du concours COSENTINO DESIGN CHALLENGE 12 est l'Anglais. Cependant, l'espagnol peut être utilisé également. Le titre et/ou slogan du projet doit être en anglais. L'étudiant doit prendre en compte que les membres du jury sont de différentes nationalités.

TIMELINE

Pas de pré-inscription requise

Le concours est ouvert du 1er Octobre 2017 au 1er Juin 2018 jusqu'à 23h59.

PRIX

Pour chaque catégorie (CDC12 Architecture et CDC12 Design) les prix suivants seront remis: **Trois premiers prix, trois seconds prix, et des mentions spéciales.** Cela donne un total de six premiers prix et six seconds prix, et autant de mentions spéciales que le jury verra méritées.

Chacun des six premiers prix consiste d'un montant de €1,000 (ou l'équivalent de €1.000 dans la monnaie du pays de l'étudiant) et une mention spéciale.

The awarding of special mentions will be at the discretion of the jury.

Winners and all candidates who receive special mentions will also be given a certificate stating the result of their participation in the competition.

JURY

The voting process will be composed of two phases: 1) on-line voting; and 2) face-to-face voting.

1) On-line voting: This phase will consist of one representative teacher from each partner school. As a result of this voting process, there will be 20 finalist projects in the Architecture category and 20 finalist ones in the category of Design.

2) Face-to-face voting process: This phase will consist of; 1 person of renowned prestige in the world of architecture, design, or professionals in the sector; 1 representative of the Cosentino Group; and 5 professors from partner schools.

The five representatives will be selected by drawing lots witnessed by a public notary. The professors resulting from the draw, will not be able to enter the draw of the next edition. They will be back into the draw two years after their participation in the face-to-face jury session.

Each member of the jury will have a say and a vote when judging the submitted projects. The secretary of the jury will have a say but no vote.

The jury's decision cannot be appealed.

Confidentiality is guaranteed for all designs, whether sent by hard copy or e-mail. The panel e-mails will be downloaded by a person neither say nor vote on the jury. E-mails containing personal information will only be opened once the jury has reached a decision and in order to verify the information of the winners and special mentions.

The jury's decision will be recorded in an official document that will be published 15 days after the decisive meeting is held. The jury's deliberation will take place throughout the month of June 2017.

The presentation of prizes will take place at an official event whose date and location will be made known to finalists and participating educational centres.

The jury will examine the following criteria:

- The conceptual and technical quality of the project.
- The analytical study, thought process and research of the subject.
- The research on the spatial experience of the surroundings
- The creativity of the design.
- The innovativeness of the design.
- The environmental respect of the design.
- The adaptation of the project idea to the expressive capacity of COSENTINO S.A. brand materials and products.
- New ideas for materials, finishes, applications, etc. that may arise.
- The feasibility for the development and construction of the projects presented.
- The adaptation of the chosen medium for the presentation with regards to graphics, expressivity and the kind of idea presented.
- The presentational quality of the design.

COPYRIGHT AND INDUSTRIAL PROPERTY RIGHTS

Candidates will be acknowledged as authors of their work or design at all times, and will keep their authors' moral rights.

However, by accepting these terms and conditions, awarded candidates grant COSENTINO S.A. exclusive rights to exploit their work in any form, in particular, rights to reproduction (either whole or in part), distribution, public announcement and modification. Candidates also grant COSENTINO S.A. all rights to patentability and any other industrial rights over their work.

For the purpose of protecting candidates' moral rights, COSENTINO S.A. undertakes to include mention of authors and the school/centre/polytechnic they attend in the case of future reproductions or publications.

Both the organizers and the promoters of the DESIGN CHALLENGE cannot be held responsible for any damage the projects may suffer from causes beyond the control of the organization, nor do they accept complaints for plagiarism that may be made by any candidate.

COSENTINO S.A. reserves the right to terminate the Contest at any time.

WINNING PROJECTS

The winning works and special mentions will become the property of COSENTINO S.A, which reserves the rights for publication of the design by any means it considers necessary.

DATA PROTECTION

In compliance with the content set out in article 5 of Organic Law 15/1999 on the 13th of December on Personal Data Protection and its regulations, you are informed that the personal details you provide will be included in the corresponding file called COSENTINO S.A. registered with the Spanish Agency for Data Protection, the treatment of which is the responsibility of the following company whose registered address is in (Almería), at Ctra. Baza de Huércal-Overa, Km. 59 C.P. 04850, Almería, Spain. The purpose of this will be the possible management of data from those persons who may be beneficiaries of those prize draws or competitions the company may hold. The acceptance of these terms and conditions assumes the granting of explicit, precise and unequivocal consent for such treatment.

If you do not wish the personal information you submit to be used for possible future prize draws or competitions, you may indicate this by means of an e-mail to the following e-mail address: protecciondedatos@cosentino.com.

Likewise, we inform you that you may exercise your rights to access, rectification, removal and opposition set out in the aforementioned law, and to revoke your consent by sending an e-mail to the following e-mail address: protecciondedatos@cosentino.com.

ACCEPTANCE OF THE TERMS AND CONDITIONS

Participation in the COSENTINO DESIGN CHALLENGE implies full acceptance of these terms and conditions, whose interpretation corresponds to the organizers of the COSENTINO DESIGN CHALLENGE competition.
